STREETS FULL OF DEAD AND WOUNDED

Result of Bloody Race War Between Mexicans and Americans.

POLICE FORCE WIPED OUT.

Trouble Caused by Demand of Mexicans for an Increase of Wages.

Nareo, Ariz., June 1.—Forty-five Americans were killed today at Cananea, Mexica 40 miles south of here, where is located the great copper camp of Col. W. C. Greene. The camp is on fire, and it is reported that the Mexicans are defying all authority. They are reported to be using dynamite in blowing up the great smelters and mills owned by the Greene company.

The trouble arose at Cananea over the demands of the Mexican for an increase in wages from $3.50 to $5 per day. Parties who left there at 1:30 this afternoon said that Col. Greene was addressing practically the entire population of the camp in an effort to pacify the excited Mexicans. However, between 4 and 5 o'clock this afternoon the Mexicans opened fire on the Americans, and 40 or more were killed.

Col. Greene wired at once to Bisbee for all the armed men that could be sent to protect the Americans and their property at Cananea. The population of Cananea is 23,000, of which 5,000 are Americans. The family of Col. Greene arrived here this afternoon, but the colonel remains with his property. Two trains loaded with refugees are now en route here from Cananea and will go to Bisbee.

Governor Ysabel of Sonora is hurrying here from Hermosillo, the capital of the state, and will be met here by the Bisbee force, which will accompany him to Cananea.

There has been bad blood at Cananea for some time, and only a month ago the home of the superintendent of the mine was dynamited by unknown parties. Yesterday one of the policemen of the city was killed by an American, who claimed that it was a personal grievance he had against the Mexican.

Capt. Tom Rynning of the Arizona rangers arrived here tonight from Douglas with a posse of his men. All the arms obtainable in Bisbee, Douglas and Naco are now in the hands of picked men, who are ready to go to Cananea. It is believed that the Mexican officials at Cananea are doing all they can to save life and property. There is great excitement in all the towns along the border as hundreds have relatives and friends in Cananea.

At 11:30 tonight a trainload of refugees arrived here from the scene of trouble and confirm the stories received earlier in the evening. It is known that at least a dozen Americans have been killed and fully 50 Mexicans.

George Metcalf, who has charge of the large lumber musiness of the Greene company, was one of the first men to be killed. The Mexican laborsers had been gatehering in a great crowd during the forenoon and this afternoon about 1,500 of them started from the vicinity of the Sonora hotel toward the lumber yard. On the way they stopped at a livery stable and tried to persuade two Mexicans at work to join them, but they refused and when the proprietor told them the stable was his individual property and was not connected with the mining company, they left.

At the lumber yard a large fire hose was brought out and as the crowd approached the office water was thrown on them. At the same time Metcalf advanced on the crowd with a rifle. The Mexicans closed in on him, took the gun from his hands and beat him to death with it. William Metcalf, a nephew, rushed to the rescue of his uncle, when he was shot by a Mexican. Three Mexicans were killed at the lumber yard.

After killing the two Metcalfs the Mexicans rushed into the office and lumberyard and set fire to both, causing the destruction of property valued at $250,000. The general office of the Greene company was also burned. They then left the lumber yard and dynamited a powder house near the Sonora hotel for the purpose of securing arms and ammunition. Here the Mexican police attacked the mob and a fierce battle ensued, several officers and a dozen strikers being killed.

A train carrying 100 men left here for Cananea. Twenty-five armed men came down from Bisbee and are guarding the American line here. There has been fighting between this party and Mexican customs officials.

The posse started to cross the line half a miles below Naco and were fired on by Mexicans in ambush. One man named Buckner was shot through the arm and several are missing. Shots are frequently heard and it is feared that others may be killed or hurt. It is not known whether any of the ambushed Mexicans were killed or not.

When the last train left Cananea, Col. Greene's residence was being barricaded, and all the remaining Americans were gathering there and arming for defense. The Presbyterian church, which is near the Greene residence, is also filled with people and barricaded. The Americans are said to be seriously handicapped for lack of ammunition. The number of striking Mexicans is estimated at 5,000, and they were making threats against all Americans when the last train pulled out from the camp. There are 50 to 75 Mexican police in Cananea, and they are doing what they can to quell the disturbance. Urgent messages have been sent to Washington for assistance.

It is said that the United States consul, Galbraith, wired to the state department that his life and that of all Americans in the camp are in danger. Col. Greene has telephoned for every available armed man that can be secured at Bisbee and Douglas. While the crowd was gathering this afternoon, Col. Greene rode down the crowded streets in his automobile and told the men that he could not accede to their demands.

There is grave danger that an attempt will be made to destroy the great reduction plant of the Greene company at Cananea, which cost millions of dollars. It would require many years to replace it.

TOWN ON FIRE.

New Orleans, June 1.—The Picayune's special from Bisbee, Ariz., says: News has reached here from Cananea, Mex., of a bloody race war at that place. The town is on fire and streets are strewn with dead and wounded. The Arizona rangers and a large posse of citizens of Bisbee have just left Bisbee for Cananea. At last accounts the fighting was still in progress.

POLICE WIPED OUT.

Los Angeles, May 1.—A special to the Times from El Paso says:

Reports from Waco declare that in a riot following a strike of the Mexican miners at the Greene consolidated mines at Cananea, 10 Mexican policemen have been killed together with George McDonald, manager of the lumber department of the mines, and his brother. The entire Cananea police force was wiped out and the Mexicans are in control, being resisted by American miners and citizens, who have surrounded the consolidated property. Thirty strikers are said to have been killed.

Dispatches declare that the town is on fire and that the rioters have used dynamite to blow up the houses of Americans. The situation is regarded as terribly serious, and it is thought American Consul Galbraith has asked Washington for protection. Volunteers have been rushed from Bisbee by special train.

Gov. Ysabel is on the way from Hermosillo with state troops and Gen. Kosterlitzky is on the way from Magdalena with rurales.

Colem C. Greene sent his family to Nacok but remained at the scene. There are about 2,000 Americans in the town of 23,000.

STORY OF THE RIOT.

Los Angeles, Cal., June 2.—A special to the Times from Naco says:

E. E. Edgington, principal of American schools at Cananea, arrived here last night on a special train that brought refugees from the scene of the riot. Edgington tells a graphic story of the riot. He said:

"George Metcalf, head of the development department for the Cananea Consolidated Copper company and Will Metcalf are the only Americans who have been killed as far as I could learn. They were shot down by Mexicans while protecting company property. Between 25 and 50 Mexicans have been killed in the fighting.

"They were barricading the home of Col. Greene when I left. It is feared that the homes of all Americans will be dynamited. As fast as possible women and children are being rushed out of camp on special trains.

"Every American is being armed. They are gathering at the home of Col. Greene and in the Presbyterian church determined to make a stand to protect their lives and property.

"This afternoon rioters dynamited a pawnshop in Cananea and secured a large number of guns. From this I judge they are not well supplied with arms, but have enough to put up a terrible fight against soldiers or Americans. The Mexicans attacked the mounted police this afternoon, fighting a battle which resulted in the death of a large number of them.

"General Manager A. S. Dwight was injured by a bullet, receiving a scalp wound that is not serious. Five thousand Mexicans are out on strike. They are very defiant, marching through the streets and only awaiting the appearance of the anarchist flag to attack every Mexican and American in Cananea who does not join them. They are making threats that they will destroy the entire camp and exterminate every American in it.

"There are between 50 and 75 police and half of them are siding with the rioters. Some of them are standing by the Americans, but it is feared they will not long remain with them if they see that the Mexicans are getting the upper hand."

A REIGN OF TERROR.

Mitau, Russia, June 1.—A reign of terror exists in Courland province, no less terrible than the situation during the suppression of the revolution by the troops. Revolutionists are visiting summary vengeance on witnesses appearing against them in the military or civil courts. Murders are of daily occurrence.

INDICTMENTS ANNULED.

Oklahoma City, Okla., June 1.—Judge Burwell of the district court last night annulled the indictments recently found against city officials here, charging misappropriations of public money. The court held them invalid because the violations of law, if any, were merely technical and for the further reason that they were brought without instruction or knowledge of the court as provided by law.

THE LATEST MOVE ON THE STATEHOOD QUESTION.

Washington, June 1.—The latest move in the controversy between the senate and house on the statehood question has just been revealed in connection with the plan to bring in a report from the conference committee tomorrow.

This report is to provide for the immediate admission of Oklahoma and Indian Territory as one state, with the further provision, in the exact language of the original Foraker amendment, that New Mexico shall vote separately on the question of their admission as one state.

This report is to be submitted first to the senate for its action. Should it be rejected, as has been predicted by those who have made a close canvass of that body, the responsibility for the failure to admit Oklahoma and Indian Territory and also the failure to allow the other two territories to themselves decide the question of their admission will be placed with the senate.

Should this report fail of ratification in the senate, it is believed the house will rest the case without further action of any kind, after emphasizing the fact that the senate and not the house is responsible for the failure of action.

The Foraker amendment, as it is known, is the exact provision on which the "statehood insurgents" made their losing fight in the house when the bill was under consideration in that body.

Speaker Cannon and house leaders who have supported him in his statehood position have carefully considered the present movement and all indications point to the conclusion that they are willing to drop the question indefinitely should they refuse to accept this basis of compromise.

FRATERNAL INS. CO'S.

Missouri Supreme Court Holds Not Liable as Regular Companies.

Jefferson City, Mo., June 1.—The supreme court today handed down an opinion of importance to 400,000 policyholders of Missouri and several million polycyholders in fraternal insurance associations throughout the United States.

The case was that of Mary Westerman vs the supreme lodge, Knights of Pythias, in $5,236.27 in the St. Louis circuit court for the death of her husband, J. P. Westerman, who joined the association in 1895.

Division No. 1 of the supreme court, some time ago, affirmed the decision of the lower court in an opinion by Judge Marshall, and the case was transferred to the court en banc for a rehearing. The suit was prosecuted on the theory that the defendant company was under the same law as regular life insurance companies.

The association forfeited the member for failure to make a monthly payment due in August, 1901. The member died in January, 1902. The plaintiff contended that the monthly payments for six years prior to the date of forfeiture had created a reserve in behalf of the beneficiary to pay for extended insurance beyond the period of death, and that the certificate was non-forfeitable under the statute of Missouri, which was copied from the non-forfeiture statute of Massachusetts, and has been adopted by three-fourths of the states of the United States.

Today Judge Fox wrote the opinion of the court en banc, holding that the defendant is a fraternal society and not liable as a regular life insurance company. The case is reversed.

It is said that this decision is the most important to fraternal societies that has been handed down by this or any other court in many years, as the entire plan upon which fraternal societies are organized was involved.

TWELVE MINERS KILLED.

Mexico City, June 1.—Reports today reached here of an accident at the Magdalena mine near Texacelentre, state of Mexico, which caused the death of 12 miners, among them being Erasmus Chaverre, mnnager of the mine.

PLOT TO KILL PRESIDENT DISCOVERED IN PORTLAND.

Portland, Or., June 1.—As the outcome of the arrest of a Pole in this city for an assault upon several Russians, local detectives have learned of the existence here of a large body of Russian nihilists, who, it is alleged, have been plotting the assassination of President Roosevelt, simply awaiting the accumulation of sufficient funds before sending a deputation to Washington to carry out the scheme for the assassination of the president.

The Pole who was arrested is a strict Catholic and was induced to attend the meetings of the nihilists. Here he heard such terrible things against God, and all governments and all rulers and the rich that he sickened of the association. He claims to have been threatened with death, and after severely beating several of the plotters, was arrested for assault. He was acquitted today and it was then that the detectives learned the alleged true purposes of the organization.

Friends of the Pole informed the police of the doings of the nihilistic group, of their condemnation of all civilization, their hatred of God and their opposition to all government but the form most desired by them, of their eulogistic praise of Czolgoz, the assassin of President McKinley, and finally of their desire for the death of our living president. Roose... tectives have been put on the c... will make arrests if sufficient ... can be obtained against the gang.
